

Entered IP addresses  
Clicked on < Connect WiFi > button.  
  
No connection

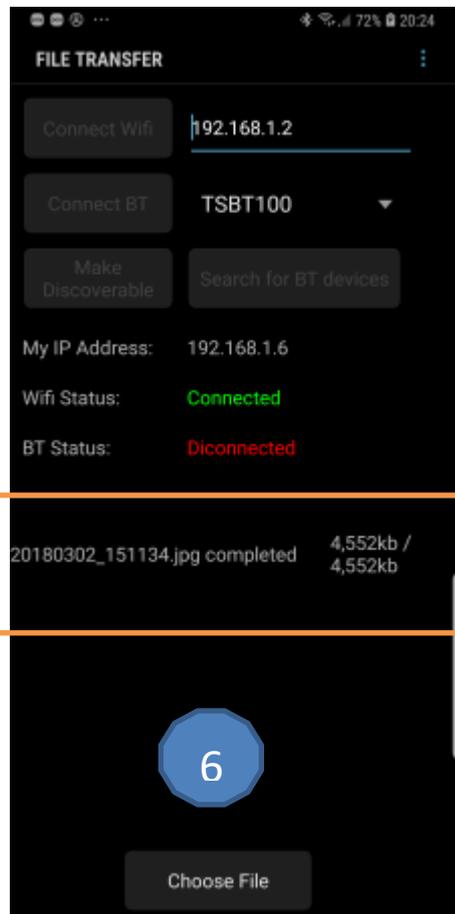

Clicked on Connect in PC- form  
Connected. Seems all right.

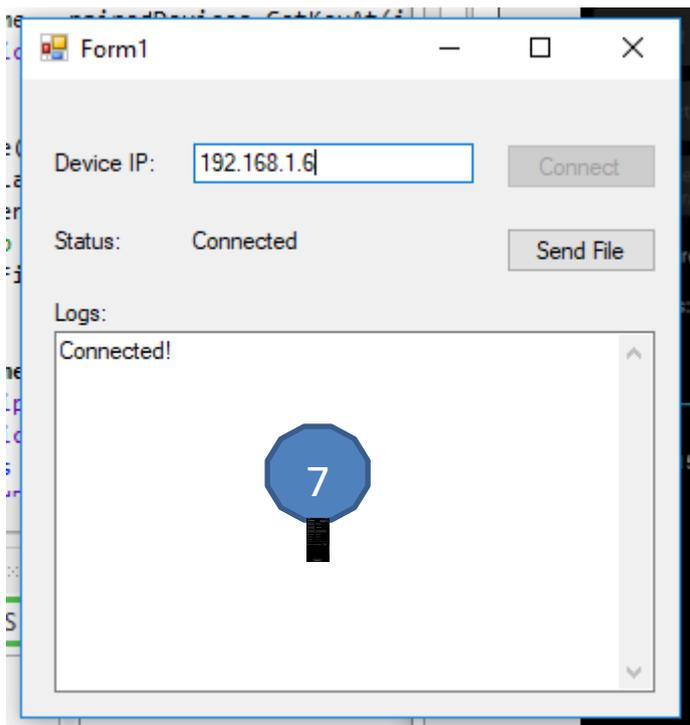

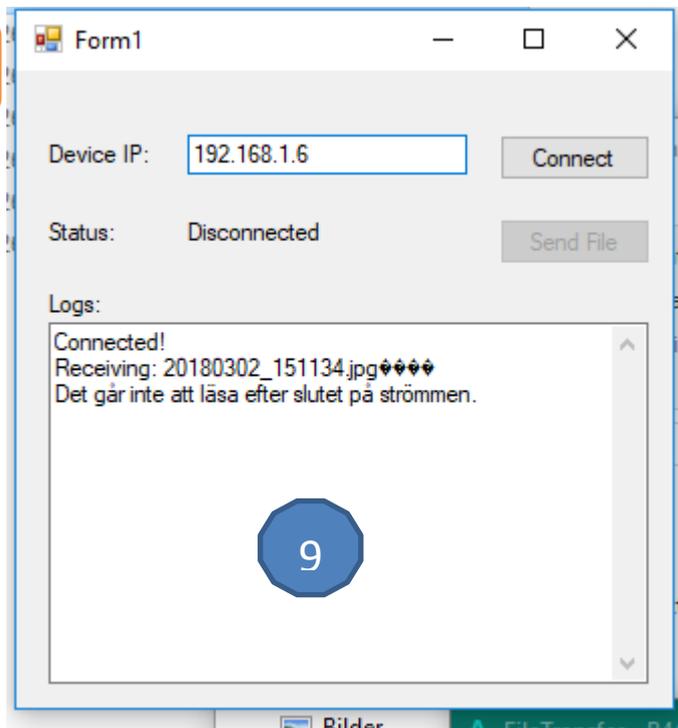

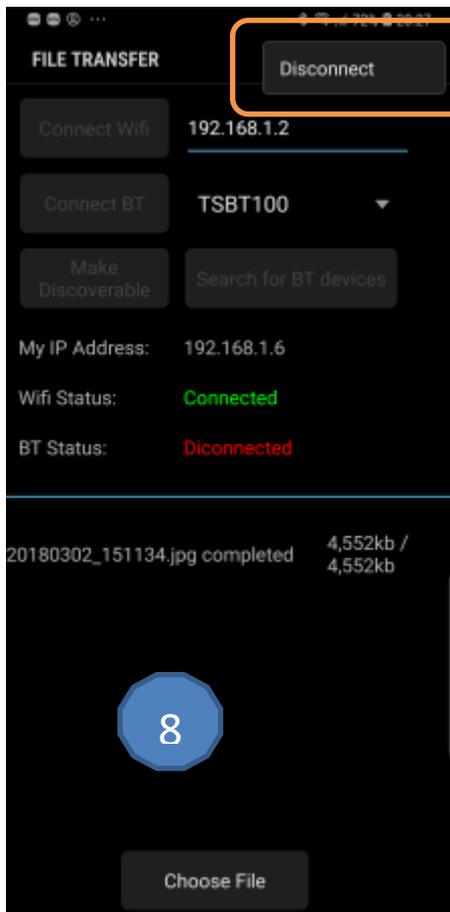

Clicked on file

Immediate response  
Chooosed file completed  
Seams good, but.....!

Nothing happens here!

Det går inte läsa efter slutet på strömmen (Swedish)

Unable to read after the end of the stream.

Clicked on Disconnect and stopped the application.

An error occur!

File does not exist on the PC!
